

Solution Architecture

Date	27/10/2025
Team ID	NM2025TMID08644
Project Name	Garage Management system
Maximum Marks	4 Marks

Architecture Overview

The architecture of the Garage Management System is layered to ensure modularity, scalability, and performance optimization.

Layers Description

1. ****User Interface Layer:**** Salesforce Lightning App allows users to interact with GMS visually.
2. ****Application Logic Layer:**** Uses Apex triggers, validation rules, and automation flows to process data.
3. ****Data Layer:**** Stores all customer, appointment, and billing records in Salesforce objects.
4. ****Analytics Layer:**** Generates dashboards and reports for business insights.

Diagram

The following architecture diagram illustrates the logical flow and data hierarchy.
